# Horizon Hospice

---

When the plan for care changes to comfort, hospice is a choice that benefits both patient and family.

Horizon Hospice offers this care for those not able to leave the hospital setting.

We work closely with you and the staff at Froedtert Hospital to develop a unique plan, fostering peace of mind knowing you're receiving the best care available.

This team approach to medical care, pain management, emotional and spiritual support is tailored to the wishes of patient and family.

# A Loving Difference

- ※ **Hospice Nurses:** Specially trained to manage symptoms and provide comfort, 24/7
- ※ **Social Workers:** Available for counseling, emotional support and personal decisions
- ※ **Chaplains:** An open, sensitive presence for you and your family

- ※ **Grief Counseling:** Horizon offers support to anyone in need at our Grief Resource Center

# The Feeling of Home

---

Hospice comes to you in the comfort of your room.

If interested, room enhancements are available to help create a soothing environment and a feeling of home.

- ※ Soft lighting
- ※ A choice of room art
- ※ CD player
- ※ Light refreshment bag

*\* Room enhancements cannot be utilized if isolation precautions are in place.*

We assess level of care/patient condition daily. Should symptoms stabilize, allowing for hospice in a different setting, accommodations will be made.

The hospice benefit is covered by Medicare, Medicaid and most private insurances. Benefits will be verified prior to initiation of services.

*With Horizon, you're home.*
