

## Grief is a life-changing yet common human experience.

Feelings of grief are a natural and healthy response when we experience a significant loss in our lives.

Horizon's Grief Resource Center is open to those experiencing the death of someone significant in their lives.

*We touch the lives of over  
5,000 people each year.*

### **HORIZON GRIEF RESOURCE CENTER**

is funded and maintained by the generous support of individuals and businesses who share in our mission to touch the lives of those who are grieving.
