Lawlis Family Hospice

Horizon's Lawlis Family Hospice was created with your comfort in mind; consider it your home away from home. When you stay with us, you can count on the very best care provided by Horizon's doctors, nurses, social workers, chaplains, aides and volunteers. Our experienced staff steps into the care-giving role, allowing loved ones to be exactly what they are: a husband or wife, daughter or son, or even a dear friend. Our primary focus is to provide "home" when you can no longer manage symptoms or care-giving on your own. **With Horizon, you're home.**

“I saw the love and care you gave my wife, who, like so many of your patients, started out as a complete stranger to you, but whom you cared for as if she were your own loved one.”

– **Patrick Clement**, Milwaukee

“Your gentle care, patience and good humor were so much appreciated by Dad and all of us.”

– **Lisa Yewer**, Hartland

“Words can’t express our thanks for the care and comfort you gave to our Mom in our time of need. We know that Mom was at peace. Thank you for your dedication to ALL who come here.”

– **Frank Messa**, Grafton

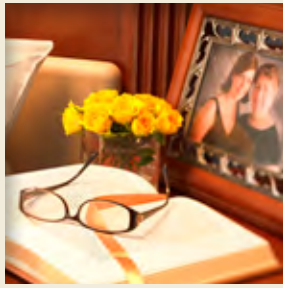

When a life-limiting illness forces you to consider all of your living and care-giving options, let us help you make the best decision for you and your loved ones.

- ✧ Horizon staff members are available to discuss your options in person, at your convenience.
